

# National Human Rights Consultation Submission

AGWW-7RKGfV

**Name:** Jason Virgo

**Submission Text:**

I feel Australia is falling behind on recognising same sex couples rights. Same sex people should be able to marry, its not a matter of tradition its a matter of equality and we should have rights that demand equality in this area.

Gay and Lesbians should also be protected in work place particularly in Christian schools where gay and lesbian teachers are banned in many sa schools.
