

National Human Rights Consultation Submission

Name: Ray Baker

Submission Text:

We should hold a referendum before introducing a charter of rights.

Wherever a bill of rights or charter of rights has been introduced it has never served the people only the minority.

These charters are driven by people who are not elected by the people - this is wrong.

I strongly object to the introduction of a bill of rights or a charter of rights - Australia is a free country - let's keep it that way.
