

National Human Rights Consultation Submission

AGWW-7MJ9A9

Name: Victor Krawczyk

Submission Text:

Dear National Human Rights Consultation Committee -

Here a list of rights suggested:

The right to life.

The right to be socially and environmentally responsible.

The right for the economy to serve society and the environment.

The right to be listened to and taken seriously.

The right to live in an ecologically pristine environment.

The right to all human service provisions for free.

The right for employees to work in organisations where their work is meaningful and respected.

The right to a free liberal world class education.

The right for people to own property on the condition it provides a social benefit.

The right to live in peace.

The right to be unconditionally accepting.

The right to free long-term housing.

The right to nourish one's emotionality, intellectuality, physicality and spirituality.

The right to engage and express arts, cultures and religions.

The right to free transport.

The right to the best healthcare in the world for free.

The right to practice ethically in business, government and other organisations.

The right to assess all legislation in relation to its ethical benefit for the nation and the world.

The right to never experience isolation, abuse, neglect and/or loneliness.

The right to love.

The right to be happy.

The right to care.

Kind Regards –

Victor J Krawczyk
